

# THE LUCK & LOVE BDSM EXPANSION

This is a downloadable expansion for Luck & Love with a strong focus on BDSM challenges. The expansion consists of two PDF documents, A and B, and contains a total of 10 new games to play. The 220 challenges found in these games are a mix between both BDSM and “normal” challenges from the original score pads, as well as plenty of completely new BDSM challenges that you can't find in the original game.

## PREPARATIONS

All the tools that you need to play can be replaced by household items you most likely already have, but for the full experience the following items are recommended: two blindfolds, handcuffs, bondage rope, clothespins, a whip or flogger, a dildo or vibrator, a butt plug, and plenty of lubricant.

## SAFETY INFORMATION

Some of the challenges can be quite intense, especially if you are new to BDSM. So, before you start playing, make sure that you come up with a safe word that really means “STOP”. Be extra careful in challenges where a gag is used, and always make sure that the gagged player is able to breathe. Also, replace the safe word with a safe signal that means “STOP AND UNGAG ME NOW”. A common solution is to hold a bell or similar object and drop it if things get too intense.

## INSTRUCTIONS

1. Print out the two PDF documents, creating two different piles of papers.
2. One player randomly draws one sheet from one of the piles. The other player then selects the sheet from the other pile that has the corresponding score card number.
3. Play the game as you normally would, following the original rules, but of course using the sheets you just selected instead of the original score pads.

Finally, remember to always practice safe sex and that playing Luck & Love is at your own risk. Never do anything dangerous or illegal, and as always, feel free to improvise if you are unable to act out a challenge exactly as it is written.
