

THE LUCK & LOVE FUN & PLAYFUL EXPANSION

This is a downloadable expansion for Luck & Love with a strong focus on playful challenges where you try new, fun, and maybe slightly weird things. The expansion consists of two PDF documents, A and B, and contains a total of 10 new games to play. The 220 challenges found in these games are a mix between both “fun” and “normal” challenges from the original score pads, as well as plenty of completely new challenges that you can’t find in the original game.

INSTRUCTIONS

- 1.** Print out the two PDF documents, creating two different piles of papers.
- 2.** One player randomly draws one sheet from one of the piles. The other player then selects the sheet from the other pile that has the corresponding score card number.
- 3.** Play the game as you normally would, following the original rules, but of course using the sheets you just selected instead of the original score pads.

Finally, remember to always practice safe sex and that playing Luck & Love is at your own risk. Never do anything dangerous or illegal, and as always, feel free to improvise if you are unable to act out a challenge exactly as it is written.
